### **Directions to St Paul's:**

#### **From Storrow Drive to St Paul's:**

Follow Storrow Drive, either from east or west to the Arlington Street exit. The exit dead ends into Beacon Street. Bear left and then right (it's kind of a wiggle) on to Arlington Street. Go four blocks on Arlington Street, past Marlborough St., Commonwealth Avenue and Newbury St., to Boylston St. The Public Garden is on your left. Take a left onto Boylston Street staying on the left-hand side of the divider. The road will lead you around the corner onto Charles Street where you are now driving between the Public Garden on your left and the Boston Common on your right. Get into the right lane before Charles St. deadends into Beacon Street. Go right on Beacon Street up the hill toward the State House. At the State House go right onto Park Street, which deadends into Tremont St. Go right on Tremont St. St. Paul's is a little less than a football field's distance down Tremont Street on your left.

#### **From Huntington Avenue to St Paul's:**

Follow Huntington Avenue to Dartmouth Street. Copley Place is on your right at this corner. Turn left, and get into the right lane as you go two blocks to Boylston Street. At Boylston Street turn right. Go three blocks to Arlington Street where you will bear to the left so that you end up on the left-hand side of the divider. From here on in the directions are the same as those from Storrow Drive.

### **For parking:**

#### **Option A: Surface parking on Washington Street:**

Before going to St. Paul's: Get on the right hand side of the divider at Boylston Street. At Arlington Street continue straight ahead. Proceed one long block past the Common on your left to Tremont Street, where Boylston St. becomes Essex St. Go one block to Washington Street, the first street to which you will come, rather than to an alley, and turn left. At this corner there is a major construction site on your left. The parking lot is in the second block on your right.

From St. Paul's: Continue on down Tremont Street to the far corner of the Common at Boylston St. Turn left here onto Essex Street. Follow the directions in the description above.

Walking from the parking lot to St. Paul's: Continue walking up Washington St. Turn left onto West St. which deadends into Tremont. At Tremont turn right and walk a block and a half to the church on your right.

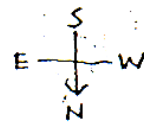

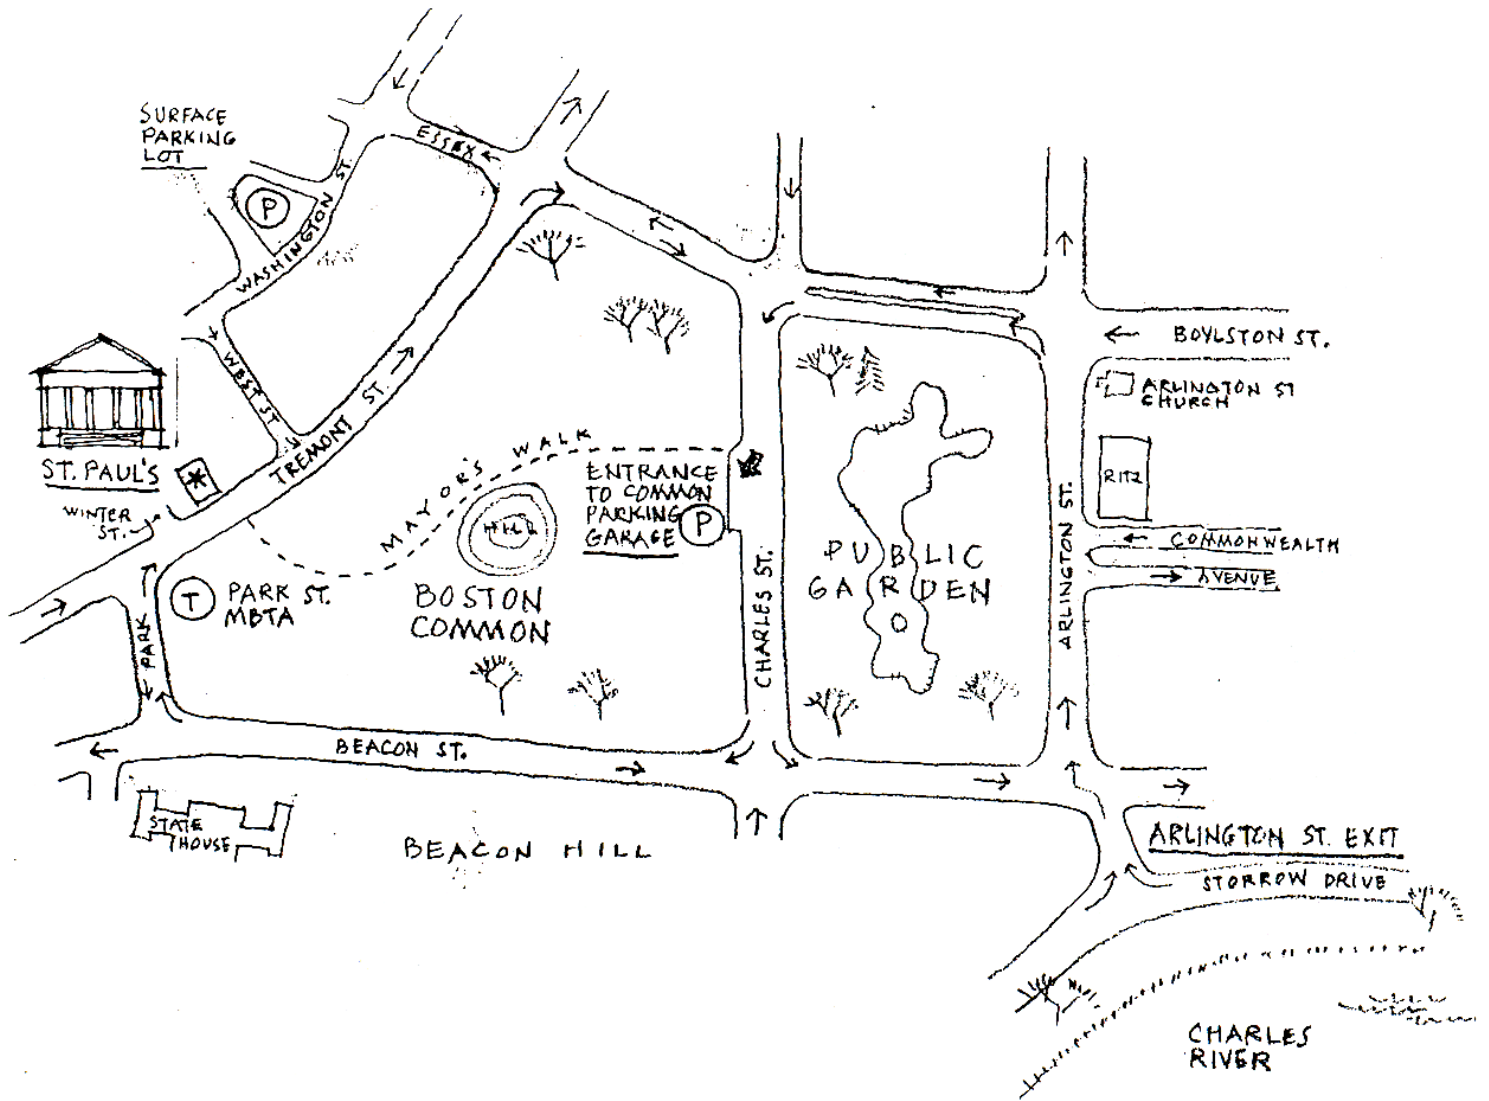

#### **Option B: The Boston Common Parking Garage:**

Before going to St. Paul's: The garage's entrance is on the right hand side of Charles Street.

From St. Paul's: To return to Charles Street after swinging by St Paul's proceed down Tremont Street to the far corner of the Common. Turn right here and proceed to the next far corner of the Common where the road will lead you around to the right onto Charles Street. Stay in this lane and proceed straight ahead into the entrance to the garage.

Walking from the garage to St. Paul's: There are three kiosks from which to exit the parking garage. All three are in the Parade Ground on the west side of the small hill which sits in the middle of the Common. The Mayor's Walk, which is the "main drag" of the Common, circles the hill on its right hand (south) side. You will know it because its western end, which is visible from all the kiosks, is centered on the Public Garden and its bridge. Two of the kiosks are immediately off the Mayor's Walk. A path through the middle of the Parade Ground connects the third kiosk, which is closer to Beacon Street, to the Mayor's Walk. You can reach Tremont Street by walking
